 Licensee - Bristol Broadcasting Company, Inc.  
 Application to Modify Construction Permit  
**Figure 1 - Rules Compliance/Primary Station Showing**

W287CF will rebroadcast Station WFHG(AM) at Bristol, Virginia. The service contour Translator Station W287CF with the proposed facilities will be 100% encompassed by the 2.0 mV/m daytime contour of WFHG(AM) and will not extend outside a circle with a 25-mile radius centered at the WFHG(AM) transmitter site. WFHG(AM) is co-owned with W258AN by Bristol Broadcasting Company, Inc.

The predicted 60 dBu contour of the proposed facility will overlap the 60 dBu contour of the facilities authorized by the existing W287CF construction permit as required for the filing of a minor change application.
