Re: Nelson Multimedia, Inc. (NMI)
WSPY(AM), Geneva, IL
Facility Identification Number: 69700
Special Temporary Authority (STA)
BESTA-20200127AAC

Dear Mr. Nelson:

This is in reference to the request filed on January 27, 2020. NMI requests a further extension of the STA granted on March 4, 2002, to continue operating using a long wire antenna to allow time to file an acceptable FCC Form 301 application (due to loss of the licensed site).¹ In support of the request, we note that NMI did not file the application over the past six months.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is **HEREBY GRANTED**, and NMI may continue to operate using the following facilities:

¹ WSPY is licensed to Geneva, Illinois, for DA operation on 1480 kHz with 1 kW day and 0.5 kW night.

Geographic Coordinates:	41° 51' 11" NL, 88° 19' 38" WL (NAD 1927)
Frequency:	1480 kHz
Operating hours:	Unlimited
Operating power:	0.125 kW
Antenna:	Long wire

NMI must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **August 19, 2020**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a long horizontal stroke extending to the right.

Joseph Szczesny, Engineer
Audio Division
Media Bureau
