Tucson AZ 85704

Dear Mike,

The KTRG installation was completed on September 7, 2012. The Propagation Systems, inc. (PSI) antenna was constructed and installed according to the documentation outlined by PSI inc.

A representative of a Land Surveying company Lynch Surveying from Texarkana, TX was employed to determine the orientation and was set to a heading of 225 degrees as outlined by documentation PSI Inc.

Tony L Evans is a consulting broadcast Engineer with 29 years in the Broadcast Engineering/electronics field.

Sincerely,

Tony L Evans
