**ENGINEERING REPORT**

**Eagle Lake, TX, Channel 237C3 FM Application**

**EXHIBIT 30 –ENGINEERING STATEMENT REGARDING SECTION 73.207**

The proposed transmitter is in compliance with Section 73.207 to all FM facilities with the exception of the KJJB(FM) CP (for which this application modifies), KNDE 236C2 (a short spacing of 6.1 kilometers) and KKMJ-FM 238C1 (a short spacing of 9.2 kilometers).

Exhibit 34 of this application includes a short-spacing study to both KNDE and KKMJ-FM that demonstrates full protection to this station based on Section 73.215.
