

APPLICATION FOR STATION LICENSE
DOUBLE O CENTRAL NEW YORK CORPORATION
WTBD-FM RADIO STATION
CH 248A - 97.5 MHZ - 6.0 KW
DELHI, NEW YORK
April 2008

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Double O Central New York Corporation ("Double O"), permittee of WTBD-FM, Channel 248A, Delhi, New York. Double O holds an outstanding construction permit for a new FM station at Delhi, New York (BMPH-20080117AAN). This instant application seeks a license to cover the outstanding permit. A calculation of the transmitter power output of the WTBD-FM transmitter is attached as Exhibit A.

There is one special operating condition on the permit. The condition states that Double O will reduce the power of WTBD-FM or cease operation, as needed, to insure that persons with access to the tower will not be exposed to radio frequency radiation levels in excess of the Commission's guidelines. Double O will comply with this requirement. Based on the foregoing, it is believed that WTBD-FM is operating in compliance with the Commission's rules.
