RE: Alternative Technical Solution for W296CE & J.W. McGhee Foundation Inc.

To Whom It May Concern:

The licensee of W296CE has been contacted by the J.W. McGhee Foundation Inc. regarding it's desire to collocate a future LPFM at our site in Lenoir City Tennessee.

Facts:

J.W. McGhee Foundation Inc has also advised us that 47 C.F.R. SECTION 73.827(A) may apply with this arrangement.

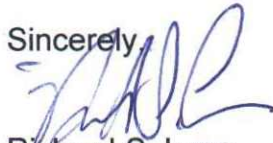

J.W. McGhee Foundation Inc has purchased at it's expense and provided a Blonder-Tongue MWT-2B filter to be installed on the input of W296CE pictured here:

Agreement:

The licensee of W296CE and I agree to allow J.W. McGhee Foundation Inc to collocate at our site; agree to install the Blonder-Tongue MWT-2B filter, and agree that per 47 C.F.R. SECTION 73.827(A)(3) we have arranged an Alternative Technical Solution.

Sincerely,

Richard S. Lynn
Technical Director for W296CE, Lenoir City, TN

CC: HHO, Charles H. Lynn; File; FCC Application; attorney.
