Alliance, NE  
Fac Id: 47996

Dear Licensee:

This refers to your attorney's letter dated April 21, 2015 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that due to the catastrophic failure of the station's antenna, the applicant requests permission to mount a temporary antenna on the tower and to operate at reduced power and antenna height until the main antenna can be re-built. You state that reduced power operations will continue to be necessary while the applicant is trying to repair the antenna and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until November 12, 2015 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is written in a cursive style with a large, looping flourish at the end.

Kevin R. Harding  
Associate Chief
