

Before The Federal Communications Commission

RE: Engineering Certification

Radio Station: KMJY

Pursuant to Special Operating Conditions Reference to BPH-20020429AAY, Facility ID NO. 29911 the following affidavit is hereby submitted:

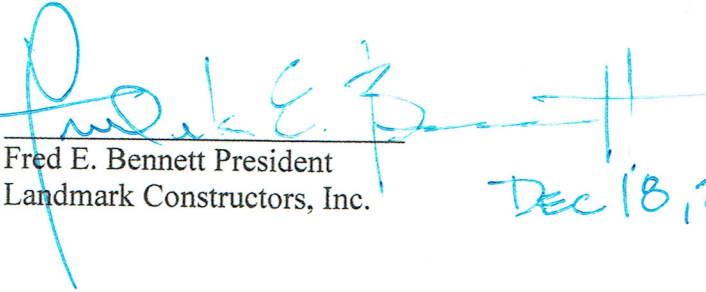

Certification

As President of Landmark Constructors, Inc., I, Fred E. Bennett state that I personally oversaw the installation and construction of KMJY Radio a 4 BAY FM antenna installation. All aspects of the antenna manufacturer Propagation Systems, Inc. job # 1294 instructions and special conditions were met. The job was completed on October 20, 2014. On that same day and pursuant to requirement number (2) of the permit a licensed surveyor verified that the antenna was properly oriented and true azimuth certified by the surveyor. See the attached Dec 18, 2014 surveyors signed certification.

List of Qualifications

Landmark Constructors, Inc. has designed, engineered and constructed over 72 radio towers and antenna systems throughout the Pacific Northwest including ham radio, cellular, data and microwave, high-speed broadband internet and radio broadcast systems: .. Our Broadcast Client List includes Clear Channel Radio, Alexandra Communications, Inc., Cellular One, Inland Cellular, Pocket-i-Net and many more.

Under penalty of perjury, I attest to the best of my knowledge that the above certification is true.

  
Fred E. Bennett President  
Landmark Constructors, Inc.
