

Exhibit 36

Request for Extension of STA

Applicant BlueStone License Holdings, Inc. (“BlueStone”), licensee of KTVM-TV and permittee of KTVM-DT, Butte, Montana, requests extension of Special Temporary Authority (“STA”) BDSTA-20020114ABC, which was modified per the Commission’s grant on January 14, 2004 (BMDSTA-20031219AUP), and extended most recently on May 23, 2006 (BEDSTA-20060421ACX).

On May 31, 2007, KTVM-TV and seven co-owned stations were acquired by Bonten Media Group, LLC (“Bonten”). Upon review of BlueStone’s records, Bonten discovered that KTVM-DT has been operating pursuant to the STA, which has an expiration date of July 1, 2006, and that while BlueStone on July 7, 2006<sup>1</sup> filed a request for waiver of use or lose deadline and requested permission to operate at the power levels authorized in BEDSTA-20060421ACX for the remainder of the transition period,<sup>2</sup> it appears that BlueStone did not file a separate request to extend the STA at that time.

On May 18, 2007, the Commission granted the KTVM-DT use it or lose it extension request until February 17, 2009, recognizing that increased digital coverage on KTVM-DT’s interim digital channel is not possible.<sup>3</sup>

Upon discovering the oversight regarding filing a separate request to extend the STA, Bonten has immediately filed this request. Accordingly, Bonten hereby respectfully requests acceptance of the STA extension request *nunc pro tunc* by the Commission.
