

MODIFICATION OF W226AU

Exhibit 1

The proposed facility of W226AU will rebroadcast WLTX(FM), Elberton, GA which is also licensed to Georgia-Carolina Radiocasting Company, LLC. The 60 dBu contour of the proposed W226AU facility is totally within the 60 dBu of WLTX.

Exhibit 2

As demonstrated on the attached map, the 60 dBu of W225AU is within the 60 dBu of WLTX.

Exhibit 3

The attached Channel study for 228D demonstrates that the proposed facilities of W226AU are only short spaced to the presently licensed facilities of W226AU. This application changes the frequency of W226AU from 226D to 228D as allowed by FCC rules under minor changes to a FM translator.
