

**EXHIBIT 13**  
**Compliance Showing**  
**Section 74.1205(d)**

Prepared For  
Calvary Chapel of Twin Falls, Inc.  
June 2005  
**Las Cruces, CA**  
**K213AR**  
**BLFT-20030729AIE**

Waiver of Section 74.1205(a)(d)

This application is for a minor change in a previously authorized licensed station K213AR, Las Cruces, CA, according to the amended rules of II. Part 74 Chapter 1 of Title 47 of the Code of Federal Regulations under Section 74.1233 subsection (a) the proposed change is considered a minor change.

**According to FCC Rules – Part 74.1205(a)**

An application for a construction permit for a new or modified facilities for a noncommercial \*educational FM translator station operating on Channels 201-220 must include a showing that demonstrates compliance with paragraph (b), (c) or (d) of this section if it is within the following distances of a TV broadcast station which is authorized to operate on Channel 6.

This showing demonstrates compliance with **Part 74.1205(d)** in that K213AR, Las Cruces, CA is an FM translator station authorized and licensed prior to March 1, 1991 and is in conformance with 74.1203 of this part regarding actual interference. K213AR was originally license under **BLFT-19851210TC** on channel 213, frequency 90.5MHz. Since that time only minor changes to the antenna system have been made. The proposed is a minor change to the present license to modify only the type of directional antenna, which will not add horizontal polarization, but continue to operate with vertical polarization only. A TV 6 letter is not necessary with this change.

Therefore, Calvary Chapel of Twin Falls, Inc. respectfully requests a waiver of Section 74.1205, regarding contour overlap with TV Channel 6 KSBY, San Luis Obispo, CA.
