RE: Petition for Eligible Entity Status, The Videohouse, Inc., Station WOSC-CD, Pittsburgh, PA (Fac. ID No. 66636), FCC File No. BLDTL-20130327AEC.

Dear Licensee:

This is with respect to the Petition for Eligible Entity Status ("Petition") filed on July 9, 2015, by The Videohouse, Inc. ("Licensee"), licensee of Class A station WOSC-CD, Pittsburgh, Pennsylvania ("Station").[1] The Petition requests that the Station be deemed an "eligible facility" for purposes of the incentive auction. On June 19, 2015, the Commission released the *Incentive Auction Second R&O* and denied a Petition for Reconsideration[2] filed by the Licensee requesting that the Commission exercise its discretion to extend protection in the repacking process to the Station.[3] The Petition before us essentially seeks reconsideration of the Commission's decision in the *Incentive Auction Second R&O*. The Commission has already determined that the Station is not eligible for mandatory protection and the Commission has specifically declined to exercise its discretionary authority to extend protection.[4] This is not the appropriate venue for seeking reconsideration of the Commission's decision.[5]

Accordingly, for the reasons above, including the Commission's rationale in *Incentive Auction Second R&O*, the Petition for Eligible Entity Status filed by The Videohouse, Inc. **IS DENIED**.

Sincerely,

Barbara A. Kreisman
