Program Test Authority

Dear Applicant:

This letter is in reference to KSDS's request for program test authority ("PTA") filed May 29, 2007 and the simultaneously filed application for license to cover Construction Permit BPED-19940802MA. The PTA request included exhibits demonstrating compliance with special operating conditions regarding the directional antenna.

A review of KSDS's request for program test authority reveals that the facilities were constructed pursuant to the terms and conditions of Construction Permit BPED-19940802MA, and the provisions of 47 C.F.R. § 73.1620. Accordingly, Program Test Authority IS HEREBY GRANTED to commence operation pending further action on KSDS's license application. The maximum effective radiated power is 22.0 kilowatts (V) and the transmitter power output is 5.28 kilowatts.

Sincerely,

James D. Bradshaw
