

EXHIBIT 13  
(Page 1 of 2)

PROPOSED TRANSMITTER SITE  
Krol Communications, Inc.  
St. Louis, MI

The attached application proposes a correction to the geographic coordinates for the WMLM transmitter site. The presently licensed coordinates for this site are:

**NL - 43° 21' 08"**  
**WL - 84° 36' 15"**

The correct coordinates for this site are:

**NL - 43° 21' 08"**  
**WL - 84° 36' 20"**

Figure 13.0 is a topographic map showing the actual location of the WMLM transmitter site.

The attached application proposes no technical changes to the present WMLM operating facilities. As a result, no service contours or pattern information are included as a part of the attached application. Likewise, site photographs have been omitted since no change is proposed to the actual location of the WMLM antenna system.
