TECHNICAL STATEMENT

The following is a technical statement submitted in accordance with section 73.3555(a). It is concerning the market definition and contour overlap of the proposed acquisition of KRAE(AM) Cheyenne, Wyoming and KZCY(FM) Cheyenne, Wyoming by Mountain States Radio, Inc. ("MSR").

First, stations under common ownership by MSR and/or other companies under common ownership were identified. MSR is the licensee of KRRR(FM) Cheyenne, Wyoming. However, MSR has filed an application with the Commission to transfer this station to AGM Fort Collins, LLC (BALH-20010706AAD). Since MSR still owns this station, it will be included in this study. MSR is owned by Victor A. Michael, Jr. and his wife, Lori L. Michael. They jointly own 50% of the outstanding stock in MSR. Van A. Michael and his wife, Kimberly J. Michael jointly own 50% of the outstanding stock in MSR.

Laramie Mountain Broadcasting, LLC ("LMB") is the Licensee of KIMX(FM), KRQU(FM), and KLDI(AM), all licensed to Laramie, Wyoming. It also has an application to purchase KASX(FM) Pine Bluffs, Wyoming (BAPH-20010711AAU). Victor A. Michael, Jr. is the sole stockholder and owner of LMB. It should be noted, that LMB has also filed to assign the license of KRQU(FM) to AGM Fort Collins, LLC (BALH-20010706AAF), but still owns the station at this time, so KRQU is included in this study.
