Dear Licensee:

This refers to the interference complaint filed by Polnet Communications, Ltd. on March 27, 2017 (Complaint). The Complaint alleges that W295CG is interfering with the reception of W296DA, Vernon Hills, Illinois.

Pursuant to 47 CFR § 74.1203, W295CG is required to eliminate any actual interference it causes. Therefore, it is necessary for W295CG to submit a detailed report on each complaint even if the complainant might have been addressed in a previous proceeding. Each of the complaints must be addressed individually.

Section 74.1203(b)<sup>3</sup> states that if the interference cannot be properly eliminated by the application of suitable techniques, the operation of the

offending FM translator station shall be suspended and shall not be resumed until the interference has been eliminated.

Within thirty days of this letter, W295CG must take appropriate actions required by the provisions of 47 CFR § 74.1203 to resolve all complaints of interference to fulfill its obligations. Further action on this complaint will be withheld for a period of thirty days from the date of this letter to provide W295CG an opportunity to respond. Failure to correct all complaints within this time may require W295CG to suspend operation pursuant to 47 CFR § 74.1203.
