

## INTERFERENCE ACCEPTANCE AGREEMENT

This Interference Acceptance Agreement ("Agreement") is entered into as of May 11, 2009 by and between WAFB License Subsidiary, LLC ("WBXH") and WLOX License Subsidiary, LLC ("WLOX").

1. WBXH is the licensee of television station WBXH-CA, Baton Rouge, Louisiana (FCC Facility ID No. 51806). WBXH filed a displacement application (File No. BDISTTA-20070501AEC) that proposed operation at 150 kW effective radiated power on channel 39 (the "WBXH Application").

2. WLOX is the licensee of television station WLOX(TV), Biloxi, Mississippi (FCC Facility ID No. 13995). WLOX holds a license issued by the FCC authorizing it to operate a pre-transition DTV facility on Channel 39 (*see* FCC File No. BLCDDT-20030205ACM, hereafter referred to as the "WLOX License"). WLOX also holds a construction permit authorizing it to operate a post-transition DTV facility on Channel 13 (*see* FCC File No. BMPCDDT-20080620AMU).

3. WBXH desires to obtain a permanent authorization for the facility specified in the WBXH Application. The facility proposed by the WBXH Application would cause 0.515% new interference to the facility authorized by the WLOX License. In addition, the facility proposed by the WBXH Application would cause 2.1% new interference to WLOX's theoretical allotment facility on Channel 39.

4. WLOX hereby agrees to accept the interference described in Paragraph 3.
