To whom it may concern,

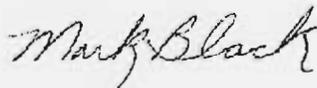

B&H Tower Service, LLC installed a Shively 6513-6-DA six bay antenna mounted at a Center of Radiation of 282 feet with the antenna heading being 239 degrees. The tower is located at 2599-180th Street, Tripoli, IA. The call letters for the station are KWVI.

Azimuth was verified by a surveyor before the B&H Tower Service crew left the job site.

B&H Tower Service was started in 1994 and has completed hundreds of jobs across the United States for various companies (reference sheet enclosed). We have experience in numerous types of antenna installations including directional and omni-directional FM antennas, pcs, cellular, microwave, television, and two way radio antennas. Our website address is www.bhtower.com.

The crew leader on the job @ Tripoli, IA was myself, Mark Black, President of B&H Tower Service, LLC.

Sincerely,

Mark Black
