

EXHIBIT 11

Calvary Chapel of Twin Falls, Inc.
March 2003

Desert Hot Springs, CA
K288DR
BPFT-19871208TF

Calvary Chapel of Twin Falls, Inc. is making this minor change to the above referenced Licensed Station, K288DR, Desert Hot Springs, CA, to modify its TX Antenna System from a 4 array directional to a Scala FMV directional and to correct erroneous ground elevation at the site. The transmit antenna is located on a short pole on the equipment building of an owner of a tower located close by. Please see TOWAIR results that show this pole does not need to be registered with the FCC because it is less than 20 feet tall on an existing building and passes slope.
