General Manager  
WAYV  
Bayport One, Suite 100  
8025 Black Horse Pike  
West Atlantic City, NJ 08234

Dear Gary:

This letter is to certify that I, Michael Ferriola, General Manager of Broadcast Technologies, Inc., have overseen the installation of the Electronics Research, Inc. MP-5E-DA-HW Directional Antenna system for WAYV. The antenna was installed by Train's Tower Services, Inc. in accordance with ERI's instructions and specifications.

As you are aware, I am fully qualified to conduct the above oversight. I now have over 25 years experience in radio broadcast engineering, am certified by the Society of Broadcast Engineers as a Professional Broadcast Engineer, hold an FCC General Class (formerly First Class) License, and have a degree in Electrical Engineering from Stevens Institute of Technology, Hoboken, NJ.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mike Ferriola", with a large, stylized loop at the end.

Mike Ferriola  
General Manager
