February 10, 2011

To the Federal Communications Commission:

This letter is in regard to the pending application of radio station KONR-LP for facilities as described in file number BPL-20090923AAC, as amended. MCC Radio LLC is licensee of radio station KWHL, Anchorage, Alaska, which operates at 106.5 MHz. The amended KONR-LP application proposes second adjacent operation on a frequency of 106.1 MHz, at a site well within the service contour of KWHL. Therefore, we have been asked for a statement consenting to their proposed operation.

MCC Radio LLC, supports the proposed change in KONR-LP facilities, and has no objection thereto.
