

STATEMENT OF EDUCATIONAL PURPOSES

Airwaves for Jesus, Inc., is a non-profit corporation. Our basic educational goals are to acquaint the public with the teachings of Jesus Christ. We recognize, however, that the community has secular needs, and we will have an educational program to address those needs. To that end programs will be broadcast to combat dysfunctional family units, teen pregnancy, illiteracy, irresponsible abortions, illegal drug use, alcoholism, domestic abuse, drunken driving, and a variety of other social ills.

Thus, our educational goals and objectives are both faith based and secular and will address a wide variety of community needs and interests.
