**TECHNICAL STATEMENT**

This Technical Statement was prepared on behalf of Oklahoma Community Television, LLC ("OCT"), permittee of digital low power/companion television translator K30JP-D, Channel 30, Sayre, Oklahoma. OCT holds an outstanding permit for K30JP-D (BMPD TT-20100119ADU), authorizing a change in antenna and a reduction in power. This instant application seeks a license to cover the outstanding permit for K30JP-D. Attached as Exhibit A is a calculation of the transmitter output power for the K30JP-D transmitter.

There are no special operating conditions or restrictions on the K30JP-D construction permit. However, OCT will, in cooperation with other tower users, reduce the power of K30JP-D or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines. Based on the foregoing, it is believed K30JP-D is operating pursuant to the Commission's rules.
