**May 2006**

**TECHNICAL STATEMENT**

This Technical Statement was prepared on behalf of Cumulus Licensing LLC ("Cumulus"), licensee of radio station KBYZ, Channel 243C, Bismarck, North Dakota. Cumulus has an outstanding permit to correct the coordinates of KBYZ (BPH-20060329AMH).<sup>1</sup> Cumulus herein submits a license application to cover the outstanding construction permit. Cumulus is operating KBYZ under automatic program test authority. A calculation of the transmitter power output of the KBYZ transmitter is attached as Exhibit A.

There is one operating condition/restriction on the KBYZ permit. The condition states that Cumulus will reduce the power of KBYZ, or cease operation as needed, to insure that persons with access to the tower will not be exposed to radio frequency radiation levels in excess of the Commission's guidelines. Cumulus will comply with this requirement. Based on the foregoing, it is believed that KBYZ is operating in compliance with the Commission's rules and that all conditions have been met.

---

1) As a result of the correction, the Class was also corrected to C1.
