RE: KALC-FM, Denver, CO  
Auxilliary Site Application  
ASR # 1033691

This letter certifies that I have witnessed proper installation, in accordance with engineering guidelines provided by Electronic Research Inc., of the Clear Channel owned combined master FM antenna and tower structure, located at 1096 Lookout Mountain Road, Golden, CO. The antenna is an ERI 1082-8CP-DA. It is mounted with a center of radiation of 2256 meters above mean sea level. Latitude, and longitude of the site, and elevation and orientation of the antenna have all been verified by a State of Colorado Registered professional land surveyer. Tower construction and installation was performed by an experienced professional contractor. This information is true and correct to the best of my knowledge and belief.

Karl J. Schipper
