Dear Applicant:

This letter refers to the above-captioned minor change application for a commercial facility.

An engineering study has revealed a discrepancy with the tower location proposed in the application compared to that on the ASR tower registration record. The application proposes to use a tower located at 35° 31' 26" N.L., 121° 03' 40" W.L. (NAD 27). However, the ASR tower registration record (#1022319) specifies the coordinates 35° 31' 28" N.L., 121° 03' 39" W.L. (NAD 27). This discrepancy must be eliminated. Therefore, if the coordinates are 29° 31' 26" N.L., 121° 03' 40" W.L. (NAD 27), the applicant must amend the tower registration record. If the coordinates are 35° 31' 28" N.L., 121° 03' 39" W.L. (NAD 27), the applicant must amend all pertinent parts of the application to indicate the correct location.

Further action on the subject application will be withheld for a period of thirty days from the date of this letter to provide an opportunity to respond. Failure to respond within this time period will result in the dismissal of the application pursuant to 47 C.F.R. § 73.3568(a)(1). Please note that any amendment must be submitted in the same manner as the original application.

Sincerely,

Rodolfo F. Bonacci  
Assistant Chief  
Audio Division  
Media Bureau
