To whom it may concern,

B&H Tower Service, LLC installed one Shively 6513 - 5 bay directional antenna. The C.O.R. was set at 298'. This is a 328' Allied guyed tower located at 5760 N. County Road 0-E-W. The antenna was directed at an azimuth of 300 degrees and installed per directions accompanying the antenna from Shively. Azimuth was verified by a surveyor before the B&H Tower Service crew left the job site. The call letters for this station are WQSG.

B&H Tower Service was started in 1994 and has completed hundreds of jobs across the United States for various companies ( reference sheet enclosed). We have experience in numerous types of antenna installations including directional and omni-directional FM antennas, pcs, cellular, microwave, television, and two way radio antennas. Our website address is [www.bhtower.com](http://www.bhtower.com).

The crew leader on the job @ Lafayette, Indiana was myself, Mark Black, President of B&H Tower Service, LLC

Sincerely,

Mark Black
