

**Multiple Ownership**

Both WCLJ-TV and WIPX-TV are licensed to communities located within the Indianapolis Designated Market Area (“DMA”), and neither WCLJ-TV nor WIPX-TV is ranked among the top four highest rated stations. Grant of this application would create common television ownership in the Indianapolis DMA that is in compliance with Section 73.3555(b)(ii) of the Commission’s current local television multiple ownership rule, as amended.

WKOI-TV, Richmond, Indiana, is licensed to a community located within the Dayton, Ohio DMA. ION does not own a television station in the Dayton, Ohio DMA and would fully comply with the Commission’s multiple ownership rules.

ION Media Television License, LLC also proposes to acquire the licenses of WDLI-TV, Canton, Ohio, and WSFJ-TV, Newark, Ohio, in a concurrently-filed assignment application. Acquisition of all four stations is in compliance with the Commission’s national television multiple ownership rule [Section 73.3555(e)].
