

October 9, 2011

To Whom It May Concern:

I supervised the assembly and installation of the Aldena directional antenna system for WEGB, Napeague, NY (Construction Permit File BMPED-20110308AAB). I certify that the antenna was installed pursuant to the manufacturer's instructions.

I have been employed as a broadcast engineer for 16 years working on numerous AM, FM, and LPTV stations and have supervised the installation of several high-power FM antenna systems.

Sincerely,

A handwritten signature in black ink, appearing to be 'A. Roman', with a long horizontal flourish extending to the right.
