In re: WIST(AM), New Orleans, LA  
Facility ID No. 74090  
Application No. BMP-20120125AEN

**Finding of No Significant Impact**

Dear Mr. McCormick:

This letter concerns the referenced application of WTIx, Inc. ("WTIX") for minor modification of the facilities of Station WIST(AM), New Orleans, Louisiana (the "Station"), which proposes to change the Station's antenna site and technical facilities. In the application, WTIx proposes to construct a new 235-foot guyed tower (with concomitant ground-level equipment) at the proposed site from which WTIx will operate WIST(AM)'s daytime and nighttime facilities. Because the proposed transmitter location is located in a flood plain and an inventoried wetland, WTIx submitted an Environmental Assessment ("EA") as required by Section 1.1307 of the Commission's Rules (the "Rules")<sup>1</sup> with the application. The staff released a *Public Notice* of the acceptance for filing of the EA on March 30, 2012.<sup>2</sup> The Commission received no comments in response to the *Notice*.

Upon examination of the EA, we find that the information supplied satisfies the requirements specified in Section 1.1311 of the Rules.<sup>3</sup> Accordingly, pursuant to Section 1.1308 of the Rules,<sup>4</sup> we find that the WIST(AM) towers will have no significant environmental impact on the quality of the human environment, and no further environmental processing is warranted. Moreover, we have examined the captioned application and find that it complies with all pertinent statutory and regulatory requirements. Accordingly, the application (File No. BMP-20120125AEN) of WTIx, Inc. for modification of the facilities of Station WIST(AM), New Orleans, Louisiana, IS GRANTED.

Sincerely,

Peter H. Doyle  
Chief, Audio Division  
Media Bureau

cc: WTIx, Inc.
