Re: IHM Licenses LLC (IHM)
WHYN(AM), Springfield, MA
Facility Identification Number: 55757
Special Temporary Authority (STA)
BESTA-20220701AAA

Dear Mr. Langham:

This is in reference to the request filed on July 1, 2022. IHM requests a final extension of the STA granted on November 5, 2015, to continue operating with parameters at variance to allow time to file the required FCC Form 302 application containing a new proof to update all operating parameters.¹ In support of the request, IHM stated that additional time will be needed to prepare and file the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for an extension of the STA IS HEREBY GRANTED, and IHM may continue to operate with parameters at variance and reduced power if needed to maintain all monitor point readings within licensed tolerances. IHM must use whatever means are necessary

¹ WHYN(AM) is licensed for DA operation on 560 kHz with 5 kW (day) and 1 kW (night), using the daytime pattern at night with the reduced power level.

to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **January 11, 2023**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with the first name "Joe" written in a larger, more prominent script than the last name "Szczesny".
