KCAQ(FM), Oxnard, California  
FCC Form 301 Minor Change  
Exhibit 1**

**STATEMENT OF AMENDMENT**  
**FCC File No: BPH-20061102ACA**

Gold Coast Broadcasting LLC (“Gold Coast”) hereby amends its above-referenced Form 301 application for a minor modification of license for KCAQ (FM), Oxnard, California. The application is amended to delete the request in Exhibit 1 to the application as originally filed for processing of the application independently of the outstanding construction permit Gold Coast had at the time for KCAQ in File No: BPH-20040720ADU. That construction permit has since been modified in File No: BMPH-20080115ADQ and subsequently covered in File No: BLH-20080125AEG. Accordingly, there is no longer a need for independent processing of the present application because KCAQ no longer has an outstanding construction permit. The application for a minor modification of license can be processed routinely.
