

EXHIBIT 1

LibCo, Inc. hereby amends the pending application for a new television station to serve Myrtle Beach, South Carolina (FCC File No. BPCT-19960920WV) to specify a different transmitter site, radiation pattern, effective radiated power, radiation center, and associated technical changes for the proposed station. The following are the Section and Question Numbers for the portions of the pending application that are being revised:

Section III-C – TV Engineering – Tech Box

Question 4 (Antenna Location Coordinates);
Question 5 (Antenna Structure Registration Number);
Question 6 (Height of Radiation Center Above Mean Sea Level);
Question 7 (Overall Tower Height Above Ground Level);
Question 8 (Height of Radiation Center Above Ground Level);
Question 9 (Height of Radiation Center Above Average Terrain);
Question 10 (Maximum Effective Radiated Power); and
Question 11 (Antenna Specifications).

The Comprehensive Technical Exhibit included with the application at Exhibit 38 has also been revised accordingly.
