

Exhibit 18 – Multiple Ownership Compliance

The instant application requests Commission consent to the acquisition of the licenses of radio stations KFXZ-FM, Opelousas, LA; KYMK-FM, Maurice, LA; KFXZ(AM), Lafayette, LA; and KVOL(AM), Lafayette, LA.

Parties holding attributable interests in the proposed assignee also hold interests in television stations KBCA(DT), Alexandria, LA and KLWB(DT), New Iberia, LA, as well as radio stations KSLO-FM, Simmesport, LA; KOGM(FM), Opelousas, LA; KSLO(AM), Opelousas, LA; and KLWB-FM, Opelousas, LA. As a result, this exhibit demonstrates compliance with both the local radio ownership rule and the radio-television cross-ownership rule. Because KBCA(DT) (Alexandria DMA) and KLWB(DT) (Lafayette DMA) are assigned to different Designated Market Areas the television multiple ownership rule is not implicated by the proposed transaction.

Local Radio Ownership Rule Compliance:

All of the radio stations included in this application are listed by BIA as “home” to, and are licensed to communities located within the geographic boundaries of, either the Alexandria, Louisiana or Lafayette, Louisiana Arbitron markets.

Alexandria Market: Upon closing of the proposed transactions, the proposed assignee will hold attributable interests in only one station in the Alexandria market - KSLO-FM, Simmesport, Louisiana. Ownership of a single station is allowed in markets of any size and the proposed transaction therefore complies with the local radio ownership rule in the Alexandria market. A copy of the FCC Geographic Market Definition for the Alexandria Arbitron market is nonetheless attached, and shows that the market includes at least 23 full-power stations.

Lafayette Market: Upon closing of the proposed transaction, the proposed assignee will hold attributable interests in 7 stations in the Lafayette market, including 4 FM and 3 AM stations, as follows:

KOGM(FM), Opelousas, LA
KLWB-FM, Opelousas, LA
KFXZ-FM, Opelousas, LA
KYMK-FM, Maurice, LA
KFXZ(AM), Lafayette, LA
KVOL(AM), Lafayette, LA
KSLO(AM), Opelousas, LA

Under section 73.3555(a)(1)(ii) of Commission’s multiple ownership rules, an entity may hold interests in up to 7 radio stations, including 4 in the same service, if the radio market includes a total of between 30 and 44 full-power stations. As shown in the attached FCC Geographic Market Definition for Lafayette, LA, the Lafayette market contains 38 full-power stations. As a result, the proposed transaction complies with the local radio ownership rule in the Lafayette Arbitron market.

Radio-Television Cross-Ownership Rule Compliance:

Under Section 73.3555(c) of the Commission's rules, the radio-television cross-ownership rule is implicated when the Grade A contour of a television broadcast station encompasses the entire community of license of a existing or proposed commonly owned radio station.¹ Applicant notes that after the digital transition, there is no Grade A contour to evaluate. The analysis in this exhibit has used the digital Noise Limited Service Contour (NLSC).²

Once the rule is implicated, compliance is measured based on an analysis of independent media voices remaining in the market after the proposed transaction. Under Section 73.3555(c)(3), independent voices include (1) independently-owned television stations that are in the television DMA and have contour overlap with the subject television station; (2) independently owned radio stations in the Arbitron market; (3) independently owned daily newspapers; and (4) one cable system. This voice count must be performed in each Arbitron market that includes stations whose communities of license are encompassed by the television station contour.³

KBCA(DT), Alexandria, Louisiana

As shown on the attached contour map, the digital NLSC of of KBCA(DT) encompasses the communities of Simmesport and Opelousas. After closing of the proposed transaction, the assignee will hold interests in the following radio stations licensed to those communities:

KSLO-FM, Simmesport, Louisiana
KOGM(FM), Opelousas, Louisiana
KFXZ-FM, Opelousas, Louisiana
KSLO(AM), Opelousas, Louisiana
KLWB-FM, Opelousas, Louisiana (applicant notes that KLWB-FM holds a construction permit authorizing a change of the station's community of license to Carencro, Louisiana. The community of Carencro is not encompassed by the NLSC of KBCA, but the station is included in this analysis at its former community of license of Opelousas.)

Each of these stations is home to either the Alexandria or Lafayette Arbitron markets.

Alexandria: KSLO-FM, Simmesport, Louisiana is the only station implicated that is home to the Alexandria market. As a result, after the transaction, there will be only one full power television and one radio station in the market, a combination which will comply with the radio-television cross-ownership rule regardless of the number of remaining voices.

¹ The radio-television cross-ownership rule is also implicated when the 1 mV/m contour of an FM station or the 2 mV/m groundwave contour of an AM station encompasses the community of license of a commonly owned television station. Analysis of the proposed transaction using radio contours does not result in any additional markets requiring further analysis.

² See *Stephen Diaz Gavin, Esq. (Nassau Broadcasting)*, 25 FCC Rcd 1851, 1856-57 (2010).

³ *Id.* at 1858.

Lafayette: After the transaction, assignee will hold interests in one full power television station and four radio stations in the Lafayette market:

KBCA(DT), Alexandria, Louisiana
KOGM(FM), Opelousas, Louisiana
KFXZ-FM, Opelousas, Louisiana
KSLO(AM), Opelousas, Louisiana
KLWB-FM, Opelousas, Louisiana

Under Section 73.3555(c)(2)(ii) of the Commission's rules, an entity can hold interests in up to two television stations and up to four radio stations if there will be at least 10 independent voices remaining in the market after the transaction. At least 23 independent voices will remain in the Lafayette market following the proposed transaction, as listed below. As a result, the proposed transaction will comply with the radio-television cross-ownership rule in the Lafayette market.

1. Full-power television station KATC, Lafayette, Louisiana

KLWB(DT), New Iberia, Louisiana

As shown on the attached contour map, the digital NLSC of of KLWB(DT) encompasses the communities of Maurice, Lafayette, Simmesport, Opelousas, and Carencro. After closing of the proposed transaction, the assignee will hold interests in the following radio stations licensed to those communities:

KYMK-FM, Maurice, Louisiana
KVOL(AM), Lafayette, Louisiana
KFXZ(AM), Lafayette, Louisiana
KSLO-FM, Simmesport, Louisiana
KOGM(FM), Opelousas, Louisiana
KFXZ-FM, Opelousas, Louisiana
KSLO(AM), Opelousas, Louisiana
KLWB-FM, Opelousas, Louisiana (applicant notes that KLWB-FM holds a construction permit authorizing a change of the station's community of license to Carencro, Louisiana. Both Opelousas and Carencro are encompassed by the NLSC of KLWB(DT).)

Each of these stations is home to either the Alexandria or Lafayette Arbitron markets.

Alexandria: KSLO-FM, Simmesport, Louisiana is the only station implicated that is home to the Alexandria market. As a result, after the transaction, there will be only one full power television and one radio station in the market, a combination which will comply with the radio-television cross-ownership rule regardless of the number of remaining voices.

Lafayette: After the transaction, assignee will hold interests in one full power television station and seven radio stations in the Lafayette market:

KBCA(DT), Alexandria, Louisiana
KOGM(FM), Opelousas, Louisiana
KFXZ-FM, Opelousas, Louisiana
KSLO(AM), Opelousas, Louisiana
KLWB-FM, Opelousas, Louisiana (or Carencro, Louisiana)
KYMK-FM, Maurice, Louisiana

Under Section 73.3555(c)(2)(i) of the Commission's rules, an entity can hold interests in one television station and up to seven radio stations if there will be at least 20 independent voices remaining in the market after the transaction. As shown above, at least 23 independent voices will remain in the Lafayette market following the proposed transaction. As a result, the proposed transaction will comply with the radio-television cross-ownership rule in the Lafayette market.
