

WNCC(FM)-Franklin, North Carolina
Construction Permit BPH-20091125AEJ
Conditions Statement

Special operating conditions or restrictions:

1) The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.

2) Program tests for WNCC-FM pursuant to this construction permit may not commence until program tests for WGOG (FM) commence on Channel 269A pursuant to that station's construction permit BPH-20120718ABS, and a license shall not be granted to cover this construction permit until a license is granted to cover WGOG's construction permit BPH-20120718ABS.

WGOG was licensed on Channel 269A on August 5, 2015. See copy of WGOG license in attachments.

3) Program tests for WNCC-FM pursuant to this construction permit may not commence until program tests for WRBN (FM) commence on Channel 242A pursuant to that station's construction permit BPH-20120702ABA, and a license shall not be granted to cover this construction permit until a license is granted to cover WRBN's construction permit BPH-20120702ABA.

An amendment to BLH-20150805AAM, license application for WRBN on Channel 242A, was filed on November 27, 2015. This amendment completes all the conditions placed on the WRBN construction permit, BPH-20120702ABA. WRBN(FM) is operating on Channel 242A pursuant to STA 20150805ABL
