# MULTIPLE OWNERSHIP
# COMPLIANCE STUDY
## WBEA (FM) – Southold, New York
## WEHM (FM) – Southampton, New York
March 2004

This Multiple Ownership Compliance Study was conducted to determine if by re-locating WBEA (FM) and WEHM (FM), the ownership would still be in compliance with §73.3555 of the Commission's Rules. The city grade contours of co-owned WBEA (FM), Southold, New York, WEHM (FM), Southampton, New York, WBAZ (FM), Bridgehampton, New York, WHBE (FM), East Hampton, New York and WMOS (FM), Montauk, New York were overlaid on a contour map (Exhibit #1). WHBE (FM) and WMOS (FM) are in a different market than the other three co-owned stations, so they are not included as subject stations in this study.

We overlaid the city grade contours of the subject stations on a contour map in Exhibit #2. All FM services to the subject area are shown in Exhibit #3 and all AM services to the subject area are shown in Exhibit #4. Exhibit #5 is a tabulation of all services to the subject area.

The market is comprised of 13 stations including the three subject stations (all FM). The Commission's multiple ownership rule in §73.3555 (a)(1)(iv) states:

> *"In a radio market with 14 or fewer commercial radio stations, a party may own, operate, or control up to 5 commercial radio stations, not more than 3 of which are in the same service (AM or FM), except that a party may not own, operate, or control more than 50 percent of the stations in such market."*

Therefore, it is believed that the ownership of the subject stations is in compliance with §73.3555 of the Commission's rules.
