**Request for Extension of Special Temporary Authority**

On behalf of Emmis Radio License, LLC (“Emmis”), the licensee of WFNI(AM), Indianapolis, Indiana, this is to request an extension of WFNI’s special temporary authority to remain silent under BLSTA-20210803AAF. As stated in the original STA request, WFNI suspended operation on August 3, 2021 due to the sale of the station’s licensed antenna site, which has resulted in the dismantlement of the towers. Emmis respectfully requests an extension of the station’s silent authority until August 3, 2022, as efforts to relocate the transmission facility and resume operation continue.

If you have any questions regarding the foregoing, please contact the undersigned.
