RE: Application BPTVL20100317ABJ, Sheridan, WY, Channel 06

Dear Mr. Hashemzadeh:

The Forsyth TV Tax District understands that the above application is predicted to cause interference to our low power TV translator K06JU, Howard, MT as long as we operate it without a specified and different offset from the minus offset specified in the Sheridan, WY application.

It is our choice not to adopt an offset at this time, but to wait and see if this is necessary after the Sheridan, WY LPTV station is put into operation.

Accordingly, we have no objection to the grant application BPTVL20100317ABJ.

Sincerely,

Daniel D. Watson
Rosebud County Commissioner
TV District Secretary-Treasurer
