**TECHNICAL STATEMENT**

This Technical Statement and attached exhibits were prepared on behalf of Tabernacle Baptist Bible College ("TBBC"), licensee of WTBI-FM, Channel 217A, Greenville, South Carolina. TBBC herein proposes to make minor changes in the facilities of WTBI-FM by changing to Channel 218C2 and increasing the maximum effective radiated power to 22.5 kilowatts. No other changes are proposed.

TBBC is proposing to remain at the licensed WTBI-FM site, with no change in height. As such, the Federal Aviation Administration has not been apprised of this proposal. The tower has been registered with the Commission and assigned Antenna Structure Registration #1065331. All exhibits called for on FCC Form 340, Section VII, are attached hereto, including an analysis of the proposed facilities in comparison to all other potentially impacted non-commercial stations on co- and adjacent channels (see Exhibit A). There are no VHF television stations within 166 kilometers of this proposal. All other exhibits used to certify the information contained in the application have been forwarded to TBBC and are available for submission to the Commission upon request.
