TECHNICAL STATEMENT

1. This technical statement and attached exhibits were prepared on behalf of Cumulus Media Inc. ("Cumulus"), to verify compliance with §73.3555(a) of the Commission's rules regarding stations in the Atlanta, Georgia area. It is noted that WYAY, Channel 294C, Gainesville, Georgia and WKHX-FM, Channel 268C0, Marietta, Georgia are licensed to Radio License Holding LLC while WWWQ, Channel 259C0, Atlanta, Georgia and WNNX, Channel 263C2, College Park, Georgia are licensed to Radio License Holding SRC LLC. Cumulus holds an attributable ownership interest in both of these licensees. The city grade contours (70 dBu, FCC 50/50) for WYAY, WKHX-FM, WWWQ, and WNNX are shown in Exhibit #1.

2. WKHX-FM, WWWQ, and WNNX are licensed to communities in a metro county in the Atlanta, Georgia Nielsen Market. WYAY is not licensed to a community in a metro county in the Atlanta, Georgia market, but is considered "home" to that market. Therefore, this review will verify compliance of commonly owned stations in both rated and non-rated markets.

ATLANTA, GEORGIA NIELSEN / BIA MARKET REVIEW

3. As shown on Exhibit #2, there are eighty-six AM and FM (commercial and non-commercial) stations listed in the Atlanta, Georgia Nielsen Market (Market #8). Cumulus would control four FM stations in the market. The number of stations indicated falls in the fifteen to

forty-five or more station tier of §73.3555(a)(1)(i) of the Commission's rules. At this level, common ownership or control of up to eight stations, with no more than five in the same service, is permissible. Therefore, Cumulus is in compliance in the rated Atlanta, Georgia market.

REVISED CONTOUR OVERLAP REVIEW

4. Since WYAY is a non-metro station, a study has been conducted to verify that the ownership of that station, in conjunction with the other subject stations, is also in compliance with the Commission's multiple ownership rules. As noted above, the locations of the city grade contours create an area of overlap between WYAY, WWWQ, WNNX, and WKHX-FM requiring review. Based on the area of overlap, a single distinct market is created. This market is shown in Exhibit #3.

5. Exhibit #4 is a depiction of the other AM and FM stations (commercial and non-commercial) providing service to the Contour Radio Market Boundary, showing one hundred and five contributing stations. Exhibit #5 is a tabulation of the stations in the Contour Radio Market. The number of stations depicted falls in the forty-five or more stations tier of §73.3555(a)(1)(i) of the Commission's rules. At this level, common ownership or control of up to eight stations with no more than five in the same service is permissible. Therefore, Cumulus is in compliance in the non-rated Contour Radio Market.

6. Based on the compliance shown in rated and non-rated markets, the proposed transfer of control is in compliance with §73.3555(a) of the Commission's rules, regarding the above referenced stations.

7. The foregoing technical statement was prepared on behalf of Cumulus Media Inc., by Graham Brock, Inc., its Technical Consultants. All information contained herein is true and accurate to the best of our belief and knowledge. All data relating to AM and FM facilities in the relevant BIA/Nielsen market was determined using the BIA/Kelsey Media Access Pro, Version 4.61, BIA database. Technical data related to AM and FM facilities was extracted from the Commission's CDBS database. We assume no liability for errors or omissions in either database which may be adverse to the information contained herein.
