

**REQUEST FOR SPECIAL TEMPORARY AUTHORITY**  
**SOUTHERN MEDIA INTERACTIVE, LLC**  
**W279BC FM TRANSLATOR**  
**CH 279D - 103.7 MHZ - 0.25 KW**  
**BRUNSWICK, GEORGIA**  
**August 2016**

**TECHNICAL STATEMENT**

This Technical Statement was prepared on behalf of Southern Media Interactive, LLC (“Southern Media”), licensee of FM translator station W279BC, Channel 279D, Brunswick, Georgia. Southern Media herein requests Special Temporary Authority (“STA”) to operate W279BC at the licensed location and power but with a lower height than licensed. This STA is necessary due to structural conditions of the tower on which W279BC is located. The owner of the tower is attempting to acquire permission from the city of Brunswick to make repairs to the tower pending a structural analysis.

The proposed antenna will be located at the licensed site, Antenna Structure Registration Number 1027583, at 45.0 meters above ground level (“AGL”) and 48.0 meters above mean sea level (“AMSL”), instead of the licensed 65.0 meters AGL and 68.0 meters AMSL. The licensed antenna and transmission line were used, and the power remains at 0.25 kilowatt (250 watts) non-directional. Compliance with the Commission’s guidelines for human exposure to radio frequency radiation is accomplished using the Commission’s RF worksheet for FM stations.

The foregoing was prepared on behalf Southern Media Interactive, LLC by Graham Brock, Inc., its Technical Consultants. All information contained herein was extracted from the Commission’s CDBS database and is true and accurate to the best of our belief and knowledge. We assume no liability for omissions or errors in this source.
