

AGREEMENT FOR ASSIGNMENT OF CONSTRUCTION PERMIT

AGREEMENT FOR ASSIGNMENT OF CONSTRUCTION PERMIT, made and entered into this 3rd day of May, 2007, by and between CSN International, a California non-for-profit corporation ("Seller") and Claro Communications, Ltd., a Texas Limited Partnership ("Buyer").

WITNESSETH

WHEREAS, Seller holds a construction permit, issued by the Federal Communications Commission, for the construction and operation of a new FM Translator Station to operate at Petronila, Texas, having the call sign K232DE, Facility ID No. 140744 which is viable and not now expired or terminated; and,

WHEREAS, said construction permit expires on May 25, 2007; and,

WHEREAS, Buyer and Seller desire for Buyer to provide for and complete the prompt construction of the FM Translator Station and that Seller will cause the assignment of the construction permit to Buyer.

NOW THEREFORE, for and in consideration of the mutual promises and covenants hereinafter set forth, it is agreed as follows:

1. **Construction of Station.** Buyer agrees to promptly construct the above-described FM Translator Station and place it on the air under Seller's control prior to May 25, 2007. Buyer will provide all of the equipment and labor required for such construction at Buyer's own expense. Buyer will provide CSN with the required information to timely file an application for a license to cover the construction permit, and Seller will promptly do all things necessary to keep the permit from expiring.

2. **Assignment of Construction Permit.** Within ten (10) days after the date of this Agreement, and subject to Buyer's performance of his obligations hereinabove, Seller and Buyer will file an application with the Federal Communications Commission for assignment of the construction permit from Seller to Buyer. Seller and Buyer will vigorously prosecute such application and do all things necessary and/or appropriate in a cooperative manner to obtain a grant thereof.

3. **Closing.** As soon as the Federal Communications Commission has issued an order, granting its consent to the assignment of the construction permit from Seller to Buyer, a closing will be held by Federal Express, or other overnight delivery service. At the closing, Buyer will deliver the sum of Fifteen Thousand Dollars (\$15,000.00) to Seller, in readily available funds, in full payment for the construction permit. Seller will deliver to Buyer an assignment of the permit. Should the Federal Communications Commission fail or refuse for any reason (other than Buyer's breach of its obligations hereunder) to grant the license application for this facility; or should the Commission fail or refuse to grant the assignment application for the construction permit from Seller to

Buyer, then Buyer shall have no obligation to close; if there has been a Closing, Seller shall refund to Buyer the purchase price (\$15,000.00); Buyer shall be entitled to recover the equipment used to construct the Station; and this Agreement will become null and void and neither party will have any recourse against the other.

4. **Texas Contract.** This Agreement is a Texas contract and shall be construed and interpreted in accordance with the laws of that State, other than laws relating to conflict of laws.

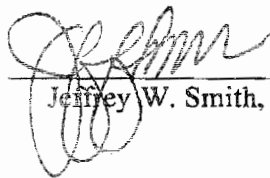

5. **Counterparts.** This Agreement may be executed in counterparts and/or by telecopy and, when so executed, the counterparts, taken together, shall constitute a complete and binding contract.

WHEREFORE, the premises considered, the parties have set their hands and seals or the hands and seals of their authorized representatives, on the day and year above-written.
