

## AGREEMENT

This Agreement acknowledges the application of Boulder TV Translator Association to “flash cut” station K13KP from analog to digital with an ERP of 0.019kw (19 watts) to serve the community of Boulder, Montana.

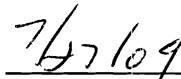

If the application is granted, Boulder TV Translator Association agrees to notify Beartooth Communications Company, licensee of KTVH, channel 12 in Helena, MT, when the station commences digital operation, including program tests.

Boulder TV Translator Association further agrees that it will remedy any interference to KTVH viewers at its own expense, in the event that any interference occurs. If interference does occur and Boulder TV Translator Association cannot promptly remedy the problem, it agrees to terminate operation on channel 13.

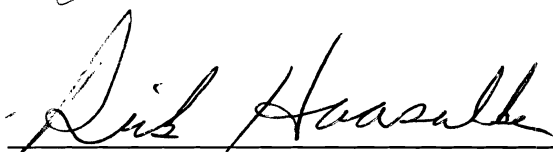

In light of this agreement, Beartooth Communications Company has no objections to the proposed application of the Boulder TV Translator Association.
