

**Changes Contained in this Application**

Educational Media Foundation ("EMF") submits this application in order to correct the coordinates, ground elevation, and overall tower height above ground level to match the current tower registration for FCC ASR 1047061. There were no changes made to the translator's physical facilities. The coverage and interference characteristics remain exactly as they have been since the original license was granted in 1999 (BLFT-19990408TI).
