**TECHNICAL STATEMENT**

This Technical Statement and attached exhibits were prepared on behalf of Real Media, Inc. ("RMI"), licensee of WNNT-FM, Channel 265A, Warsaw, Virginia. In MB Docket #04-409, WNNT-FM was ordered to Channel 298A at Warsaw, Virginia. RMI herein submits a minor change application to implement the change in channel and increase the effective radiated power to 6.0 kilowatts at 100 meters height above average terrain.

As RMI is proposing to keep WNNT-FM at its licensed site, the FAA has not been apprised of this proposal. The tower on which the antenna is to be installed has been registered with the Commission and assigned Antenna Structure Registration Number 1016852. All other necessary documentation used to certify the technical portion of FCC Form 301 has been forwarded to RMI and is available to the Commission upon request.<sup>1</sup>
