

**AFFIDAVIT OF ENGINEER  
OVERSEEING THE  
DIRECTIONAL ANTENNA INSTALLATION  
K F M Y (FM)  
Raymond, Washington**

On February 2, 2001, I personally oversaw the installation of the directional antenna system for KFMY(FM). The antenna was manufactured by Shively Labs, model #6810FM, s/n 21,381.

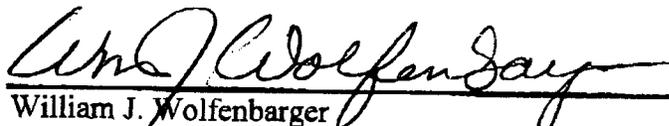

Installation was performed by Seacomm Erectors, Inc. Seacomm has extensive experience in FM antenna installation, and their credentials are well-known.

The antenna was installed on the ground pursuant to the manufacturer's instructions, then hoisted to proper position and oriented according to surveyor's markings.

My qualifications include:

Chief Engineer	KOL AM FM / KMPS AM FM	1969-1979
Chief Engineer	KALE AM	1966-1969
Chief Engineer	KAPA	1962-1963

FCC First Class Radiotelephone License since 1962
