

## **Maranatha Radio Corporation**

Maranatha Radio Corporation (MRC) was incorporated in the State of Oklahoma on September 3, 2010 and has IRS EIN 27-3633731. Its purpose is to provide religious teaching, that will educate, inform, instruct, inspire, and motivate citizens of Enid, Oklahoma on a daily basis. MRC will provide educational programming via radio, Internet streaming, and other means.

In addition to teaching programs, citizens will be educated and instructed related to emergency information – weather, traffic, and public safety – and MRC will provide routine educational safety information on ways to improve the lives of Enid residents. Information will also be provided regarding civic matters, the environment, and from local governmental leaders, plus non-partisan coverage of primaries and elections.

A radio station will further MRC's educational purpose by enabling it to broadcast its programs to Enid. Programs will include:

- Community service announcements of meetings, events, classes, gatherings of interest such as volunteer opportunities, church revivals, civic recreational events, etc.
- Regular programming resources for teachers, Christian schools, ministers and other church leaders
- Periodic programming to assist parents in teaching their children who are at home
- Regular children's programming consisting of stories, reading books, and appropriate instruction
- Regular educational broadcasts of theological training and Christian tradition including local recorded worship services
- Daily Scripture readings to assist those who have difficulty reading, or who may be visually impaired
- Periodic announcements to citizens about on-going efforts and opportunities for service to make our community a safer and better place to live
- Daily instruction on how to better manage money during tough economic times
- Regular broadcasts of scientific findings and how they relate to the listeners
- Consistent easy-listening musical format to encourage a peaceful spirit
- Programs regarding the family with a focus to improving relationships
- Local weather and announcements when storms and inclement weather are in the area
