## Nearby Airport

BISHOP INTL

To check to see if FAA notification is required, use the [Site Details] button to enter the tower information and then click on the [TOWAIR] button to access the FCC's TOWAIR tool.

Location is approximately 91.4 km from the Canadian border. All assignments in this area are coordinated with the Candian Government.

## Nearby AM Station:

This location may be close to one or more AM broadcast stations that may require coordination by the LPFM applicant in compliance with Part 1, Subpart AA of the FCC rules. To determine whether notification of nearby AM stations may be required, click on [Site Info] and enter your proposed antenna details and then click on [Nearby AM] to mesaure distances and electrical heights.

## Available Channels for LPFM

Channels in this section meet minimum spacing requirements of \$73.807 of the FCC rules and may be filed without a waiver.
