

# **EXHIBIT 11**

Minnesota Public Radio  
June 2003

Fergus Falls, MN  
K207DP  
Facility ID # 42935

Minnesota Public Radio(MPR) is making this minor change to relocated the above-referenced Construction Permit back to the existing site that this translator has operated from since it was licensed in April of 1991 under Call sign K209BA, BLFT- 19901120TB. The Transmit Antenna, being modified to a Telewave ANT90 omni directional, vertical only, will be located on a 10 foot pole, located on the roof of an elevator shaft that is on the roof of a four story building. The fourth floor of this building is used for storage purposes only.

MPR would like to inform the Commission that this station is presently off the air under STA BLSTA-20030611ABU. Upon program testing and filing a license for station KCMF, presently operating on channel 209 in Fergus Falls, MN, MPR turned off licensed station K209BA and will await the grant of this minor modification before returning to operations on channel 207 as K207DP. K207DP, Fergus Falls will be transferred to Calvary Chapel of Twin Falls, Inc. per a Settlement Agreement dated 7/13/01
