

Lafayette Parish School System **Proposed Programming Schedule**

Monday – Friday

6:00 am-6:15 am **Morning Mediations**

Positive thinking to start the day.

6:15 am-6:30 am **Morning Announcements**

LPSS, pledge, prayer, announcements and student specials. This is the audio of the Morning News.

6:30 am-6:30 pm **Student Music Programs**

Pre-recorded and automated. Three, three-hour shows and one, two-hour show a day, chosen from the twenty LPSS student music program lists.

6:30 pm–7:00 pm **Keeping It Real**

Program hosted by LPSS teacher expert in helping students deal with and manage the stresses of every day teenage life in the modern world. We plan an interactive internet class to allow listeners to interact with one another, do assignments and receive feedback from the LPSS teacher to be of benefit to all teens from all LPSS schools. Many more ideas are in development to make the programming truly student driven.

7:00 pm–7:15 pm **Cajun French Class**

Several of our LPSS teachers are fluent in Cajun French. Hence, this program will be taught by one of those teachers as a class. We plan an interactive internet class to allow listeners to interact with one another, do assignments and receive feedback from the LPSS teacher. While this class WILL NOT be offered for credit, those who enroll in the on-line section will get a certificate of completion. As programming evolves over time, other foreign languages will be added.

7:15 pm–8:30 pm **A Novel Idea**

A partnership with a local bookstore to underwrite a program that plays the audio text of classic novels. Examples: Grapes of Wrath, Our Town, Adventures of Huckleberry Finn, etc. Commentary will be provided by an LPSS English teacher, and an internet classroom (as with the French Class) will be provided.

8:30 pm–9:00pm **Northside Almanac**

An LPSS science teacher will focus on recycling, planting, harvesting, weather patterns and the basic sciences surrounding all related aspects. Again, an internet page will accompany the program to include access to real-time, weather-bug climate conditions.

9:00- 915 pm **F&M Report**

Similar to the old school country AM radio station commodity trading reports, this show will be hosted by an LPSS FAA teacher to bring real-time news and information to the local agricultural community. Again, an interactive internet site (as with the French Class) will accompany the program.

9:15 pm-6:00 am

Re-play of three of the four preceding days' programs. EG shows that ran between 7:30 am – 6:30 pm on Tuesday would run during this block of hours starting Wednesday evening into Thursday morning. Process repeats daily.

6:00 am-7:00 am **National News Program**

A national news program geared to the taste of younger audiences.

Saturday

12:00 am-11:59 pm **IBS Syndicated Programming**

Through the IBS program exchange, LPSS will get a great variety of one- to three-hour programs from other stations that will run as our Saturday special. In exchange, LPSS will offer our programming to them for their week-end broadcasts.

Sunday

12:00 am-11:59 am **IBS Syndicated Programming**

Through the IBS program exchange, LPSS will get a great variety of one- to three-hour programs from other stations that will run as our Sunday special. In exchange, we will offer our programming to them for their week-end broadcasts.

12:00 pm-1:00 pm **Fellowship of Christian Athletes Power Hour**

A weekly, pre-recorded and automated program highlighting LPSS club activities on a local, state and national level that features inspirational and motivating guests. Church services from different dominations from around the Lafayette, LA, area will round out each show.

1:00 pm-2:00 pm **Club Block**

Each week four LPSS high school clubs/organizations will produce a pre-recorded and automated 15-minute group news show (which can run longer, depending on the demands of the week).

2:00 pm-3:15 pm **Regular Weekly Programs**

A re-play of the five shows that were aired during the previous week.

3:15 pm-3:30 pm **Jobs Board**

The Job Board aired the Friday before will re-play.

3:30 pm-6:30 pm **IBS Syndicated Programming**
